Subject: Spirodiclofen Response

When: Monday, November 2, 2020 10:00 AM-11:00 AM (UTC-05:00) Eastern Time (US & Canada).

Where: Microsoft Teams Meeting

Hi All, We are advised to provide a response to this email by noon, see below. This is the only time I could see where most people were available. Thanks in advance and stay safe.

Dear BEAD Colleagues,

Elissa met with Ed and Mike today and it turns out, Mike would like some information on the importance of spirodiclofen in walnuts and citrus in particular. We have gleaned some info from the 2014 BCP and searched the USDA crop profiles. Please take a look and comment based on your expertise. We are supposed to get back to Ed/Mike on Monday and your input by noon Monday would be extremely helpful. Please let us know if this is possible.
